At a meeting of the council Tuesday night there was plenty of talking and a little business transacted. Street Commissioner Crim reported the sale of \$10.40 worth of dirt from the paved street. Exception was taken to the bill of the street commissioner for putting in an alley crossing between the residences of Earl Long and Frank Datts, Tripp and Ebersole of the street and alley committee claiming the work was not ordered. The street commissioner thought as the material was on the ground for the work it was all right to do it. The same members then took a knock at the manner in which the walk was put down at the north end of the park and the bill for hauling. This caused plenty of argument. The other bills were allowed and then the two bills that caused so much talk were allowed. Ebersole and Tapp voting against them. The ordinance for selling \$15, 750 street paving bonds and an ordinance creating a board of health were passed. Vashinder and McConnell were appointed a committee to secure the services of an attorney to act as solicitor, to report at the next meeting when some action will be taken on removing the big tree in front of the Park Hotel. Some bills were carried over owing to the lack of funds.
